DIPLOMATE  
AMERICAN BOARD  
OF ORTHODONTICS

FELLOW OF THE  
AMERICAN COLLEGE  
OF DENTISTS

March 7, 2005

Dear Patients and Friends,

Perhaps you have heard by now that another orthodontist, Dr. Rebecca Rubin, is working in my office. No, I am not planning to retire now or any time soon! I simply could not pass up the opportunity to welcome someone I personally know very well and who will be a great asset to my office. Dr. Rubin is my daughter, and I am proud and excited that she decided to return to this area to practice. She is an excellent clinician, wonderful with children and adults, and I have no doubt that she will be a valuable addition to my office.

Dr. Rubin has a stellar academic background, receiving her dental degree with cum laude honors from the Harvard School of Dental Medicine and her master's degree in orthodontics from the University of Michigan. After completing her orthodontic training, Dr. Rubin spent one year practicing with me in West Bloomfield before moving with her family to Philadelphia where she practiced for another year. I feel very fortunate that Rebecca decided to return to Michigan with her family.

Dr. Rubin is seeing her own patients as well as meeting with all of mine. We are working together to give you the best and most efficient treatment possible. Please feel free to come in and meet her any time.

Sincerely,

Steven M. Lash, DDS
